

The World Economy, Global Trade Policy 2003 // Wiley, 2004 // 171 pages //

9781405119184 // 2004 // David Greenaway

Although global competition is creating new opportunities for developing countries, harnessing globalization requires reducing barriers to competition, using targeted interventions carefully, but essentially, supported by sound public investments. International agreements on investment, and competition policies can provide benefits through reciprocity, while agreements on investment policy are likely to have strong development effects, only if they deal with the big issues facing developing countries. © World Bank. 2003.
