Having the inside scoop is an essential element of gossip and gossiping. Inside means that only certain people—the insiders—have been granted the privilege of hearing and passing on a "juicy morsel" or a "shocking revelation." The information being transmitted is typically not yet widely known. Thus, we learn something that others don't know. Scoop similarly emphasizes that we got the information first; that we are, at least for the moment, among the privileged few who have it. What follows, then, is certainly more than a book of gossip; it is the inside scoop on a much maligned, much neglected, yet often important, aspect of everyday life. Chapter 2. The psychology of gossip. Inside is the first novel penned by Dan Humphrey in the Gossip Girl television adaptation. The book was written over the course of the first four seasons and released in Memoirs of an Invisible Dan during the fifth season.
