In his 1908 collection of essays, *On the Witness Stand: Essays on Psychology and Crime*, Hugo Münsterberg expounds upon one of the principles that would inform lie detection for the next century: "the hidden feeling betrays itself" (113).¹ It may be easy to suppress intentionally the conspicuous movements by which we usually accentuate the emotions. It is not necessary to become wild with anger and to collapse in sorrow, we may even inhibit laughter and tears. . . . Instrumental connections between applied psychological and the natural sciences, as described in *On the Witness Stand*. The chronoscope of the modern psychologist has become, and will become more and more, for the student of crime what the microscope is for the student of disease. The aim of this page is to make the published work of this important and pioneering figure within forensic psychology freely available; beginning with his landmark publication: *On the witness stand: essays on psychology & crime* (1908). Foreword. The administration of justice is susceptible of division into two general branches: one having to do with the determination of the facts, the other, with the application to the determined facts of legal precepts. *On The Witness Stand* book.
