Like any other commentary series, The Pillar New Testament Commentary has specific aims. Designed both for serious students and for general readers of the Bible, the PNTC volumes seek above all to make clear the meaning of the text of Scripture as we have it. The scholars writing these volumes interact with the most important, informed contemporary debate yet avoid undue technical detail. Their ideal is a blend of rigorous exegesis and exposition, scholarship and pastoral sensitivity, with an eye alert both to biblical theology and to the contemporary relevance of the Bible.

While the New International Version is the translation of choice for the English text, Pillar authors base their exposition on the Greek New Testament. They are deeply committed to a fresh wrestling with the text, using every means at their disposal to "loosen the Bible from its pages" to help readers understand what the text says and how to apply it to life today.

Underlying the approach of this series is the fact that God stands over against us rather than in our judgment of him. When God speaks to us as his Word, those who profess to know him must respond with reverence, a certain fear, a holy joy, and a yearning obedience. These attitudes are reflected in the profoundly Christian stance of the PNTC authors toward the text. With these values in place, the Pillar commentaries will continue to be warmly welcomed by pastors, teachers, and students everywhere.

## Description:

In this solid evangelical commentary on John's Gospel, a respected Scripture expositor makes clear the flow of the text, engages a small but representative part of the massive secondary literature on John, shows how the Fourth Gospel contributes to biblical and systematic theology, and offers a consistent exposition of John as an *evangelistic* Gospel. The comprehensive introduction treats such matters as the authenticity, authorship, purpose, and structure of the Gospel.

The Pillar New Testament Commentary, designed for serious readers of the Bible, seeks above all to make clear the meaning of the text of Scripture as we have it. Writers of the PNTC volumes interact with the most important, informed contemporary debate yet avoid undue technical detail. Their ideal is a blend of rigorous exegesis and exposition, scholarship and pastoral sensitivity, with an eye alert both to biblical theology and to the contemporary relevance of the Bible. John's comment in this verse is therefore simultaneously a theological indictment and a step toward the further explanations in the next verses. Misunderstanding is frequently followed by explication in this Gospel. Download. The Gospel according to John (Pillar New Testament Commentary) by Carson D. A.epub.
