Education is UNESCO’s top priority because it is a basic human right and the foundation on which to build peace and drive sustainable development. UNESCO is the United Nations’ specialized agency for education and the Education Sector provides global and regional leadership in education, strengthens national education systems and responds to contemporary global challenges through education with a special focus on gender equality and Africa. The Global Education 2030 Agenda. UNESCO, as the United Nations’ specialized agency for education, is entrusted to lead and coordinate the Education 2030 Agenda. For example, one recently published book on sex education for Filipino college students (Fontanilla, 2003) features a chapter entitled Homosexuality and Other Sexual Deviations in which being gay was categorized together with prostitution, pedophilia, incest, and rape as forms of sexual deviance. Bisexuality is mentioned nowhere in the book, and the only other time gay/lesbian sexuality is referred to in the book is in the module titled Common Sexual Myths and Fallacies in which readers are reassured that oral-genital sex is normal for heterosexuals and is not a sign of homosexual tendencies (Teaching Strategies, 2013). This book is made to answer the curious minds, who are searching for answers on internet/digital media. This book is useful for school and institution. Because single-sex education is not unconstitutional, school districts should take advantage of the option to either create single-sex schools or single-sex classes along with coeducation if they conclude that it improves performance of students. Opponents also reason that single-sex schools or single-sex classes have a detrimental impact on the social growth of each sex. By providing single-sex education in the public schools, all students, including those in poverty and minorities, will have the same choices as those who can afford private schools. Cornelius Riordan, professor of sociology at Providence College, studied the data on students who attended private Catholic schools. Riordan’s studies showed...
