

**CURRICULUM VITAE****Ann L. Coker, PhD****CURRENT POSITION**

Professor and Verizon Wireless Endowed Chair in the Center for Research on  
Violence Against Women  
The University of Kentucky  
School of Medicine, Department of Obstetrics and Gynecology  
800 Rose St, UK Chandler Hospital, C 371, Lexington KY 40536  
Phone: (859) 323-6758 Fax: (859) 257-1308  
E-mail: Ann.Coker@uky.edu

**EDUCATION**

<b>College / University</b>	<b>Major</b>	<b>Dates</b>	<b>Degree</b>
Auburn University	Chemistry / Sociology	1980	BS
University of Texas Health Science Center	Population Studies	1984	MPH
University of North Carolina	Epidemiology	1989	PhD

**PROFESSIONAL EXPERIENCE**

<b>Dates</b>	<b>Firm / Institution</b>	<b>Rank / Position</b>
2007-Present	University of Kentucky, Colleges of Medicine and Public Health	Professor and Endowed Chair
2006-2007	University of Texas, School of Public Health	Professor Epidemiology Discipline
2002-2006	University of Texas, School of Public Health	Associate Professor Epidemiology Discipline
1995-2002	University of South Carolina	Associate Professor, Dept of Epidemiology & Biostatistics
1989-1995	University of South Carolina	Assistant Professor, Dept of Epidemiology & Biostatistics

**HONORS AND AWARDS**

2012	Wade Hampton Frost Lectureship Award from the Epidemiology Section of the American Public Health Association
2010	Kentucky Colonel
2005	McGovern Teaching Award, School of Public Health, University of Texas at Houston
1994	James A. Keith Excellence in Teaching Award, University of South Carolina
1993	American Association for Cancer Research,
1991	Delta Omega, University of South Carolina, President 2001-2002
1991	Sigma Xi, University of South Carolina
1988	Invited participant in the Society for Epidemiologic Research Student Workshop
1986-1989	National Cancer Institute Traineeship Award
1985	National Institute for Child Health and Development Traineeship Award

## **RESEARCH SUPPORT**

### **ONGOING**

Coker (PI)

09/25/2009 – 04/30/2014

NIH/NIMHD

Does Violence Against Women result in disparities in cancer care for women with breast, colorectal or cervical cancer? \$250,000 total per year, \$1,860,000 total (15% time).

The major goal of this cohort study is to determine whether violence against women influences the cancer care continuum and whether violence may explain the racial or ethnic disparities in cancer survival.

Role: Principal investigator

5U01CE001675

Coker (PI)

09/01/2009 – 08/31/2014

DHHS/CDC

Green Dot across the Bluegrass: Evaluation of a primary prevention intervention to reduce sexual violence. \$400,000 total per year, \$2,000,000 total (20% time).

Major goal is to evaluate a promising new intervention to prevent dating and sexual violence.

Role: Principal investigator

1K12DA035150

Curry (PI)

08/01/2012 – 07/31/2017

NIH/NIDA

Building Interdisciplinary Research Careers in Women's Health. \$2.5 million total (10% time).

The major goal is to train young investigators to develop a successful career in women's health research.

Role: Co-investigator

1R21HD069897

Williams (PI)

08/10/2012 – 06/30/2014

NIH/NICHD

Consortium to Evaluate a Novel Violence Prevention Program on College Campuses

The goal of this exploratory/developmental project is to conduct a multi-site evaluation of the numbers of years needed to observe changes in campus-wide violence rates as a result of the Green Dot primary prevention intervention.

Role: Co-investigator

Coker

04/01/2013 – 3/31/2018

NIH/NICHD (Score 23; 8<sup>th</sup> percentile)

Evaluating the long-term effects of Green Dot on teen dating violence prevention

The major goal is to evaluate the longer-term impact of Green Dot across the Bluegrass, an active bystander-based randomized intervention trial in 26 high schools across Kentucky designed to reduce dating and sexual violence in a cohort of seniors as they transition into young adulthood.

Role: Principal investigator

## RESEARCH SUPPORT

- Consultant Racial/ethnic Differences in Daily Dynamics of PTSD, Sexual-Risk & Substance Use (R01 DA031275) PI: Sullivan, Tami (Yale University) Budget Period: 7/1/2011-6/30/16. Major goal is to examine mechanisms by which IPV may increase the risk of substance use and risky sexual behavior.
- Consultant A Cohort Study of Preterm Delivery in Relation to Partner Abuse, Mood and Anxiety (R01HD059835-01A2) PI: Williams, Michelle A. (University of Washington) Budget Period: 9/1/2010-8/31/2015
- Principal Investigator Using batterer psychologic profiles for prevention of partner violence (R49 grant), Centers for Disease Control and Prevention, 9/2005 – 8/2009; \$300,000 total year 1; \$899,999 total (25% time) Major goals: To estimate prevalence of and risk factors for physical partner violence perpetration by batterer typology in a multi-ethnic community-based sample of approximately 1200 community college students and their partners (estimate 2000) by ethnicity and gender.
- Principal Investigator Air Toxics and Cancer Incidence in Texas (Environmental Public Health Services) City of Houston, Department of Health and Human Services, Subcontract from Centers for Disease Control grant, 8/2005-7/2006; \$27,623 (5% time) Major Goals: To link Texas Commission on Environmental Quality data with Texas Cancer Incidence data to determine whether specific cancer rates are higher in areas with higher butadiene and benzene levels in the air.
- Principal Investigator Understanding disparities in cervical cancer survival (R21 grant), National Cancer Institute, 4/2005 – 3/2007; \$229,289 total year 1; \$392,769 total (20% time) Major goals: To explore disparities in cervical cancer stage at diagnosis, treatment and survival in Texas, a large state with great ethnic, income, and rural / urban diversity.
- Principal Investigator Demonstration Projects for the Early Intervention and Prevention of Sexual Violence and Intimate Partner Violence Among Racial and Ethnic Minority Populations (US4CCU419014 cooperative agreement), Centers for Disease Control and Prevention, 9/2000-8/2006 (no cost extension); \$399,720 per year; \$1,998,605 total (25% time). Major goals: To screen women attending primary care clinics for partner sexual and physical violence; test two clinic-based randomized interventions to reduce the impact of violence for women and children.

Investigator	<p>Creation of the Hispanic Health Research Center in the Lower Rio Grande Valley. National Institutes of Health (MD000170 P20; Joseph McCormick, PI), 2/20003 – 1/2008, \$1,265,000 per year; \$4,948,500 total (10% time)</p> <p>Major goals: To integrate research, staff, and resources of the Texas Lower Rio Grande Valley Project EXPORT into the local communities of the area. This will be accomplished by working closely with the other cores of Project EXPORT to coordinate outreach activities so that this project can serve as a catalyst for change.</p>
Investigator	<p>A study to evaluate the health effects of air pollution in Bexar County with a focus on the types of emissions associated with coal-fired power plants. City of San Antonio (J Perkins, PI), 06/2005-05/2007, \$227,200</p>
Mentor	<p>Department of Defense Prostate Cancer Research Program (PCRP) of the Office of the Congressionally Directed Medical Research Programs (CDMRP). Title: GSBS and TSU Undergraduate Collaborative Summer Training Program. PI McDonnell (MD Anderson) Coker (Faculty mentor)</p>
Principal Investigator	<p>SIP-11: Network for Understanding Lack of Pap Follow-up, Centers for Disease Control and Prevention, 9/2001-12/2004; \$325,000 year 1; \$650,000 total; (25% time)</p> <p>Major goals: To identify individual and health care system barriers to obtaining follow-up care for an abnormal Pap smear through qualitative and quantitative studies.</p>
Principal Investigator	<p>Psychological Abuse Study, supplemental contract from the Centers for Disease Control and Prevention, National Injury Center, 9/2002/ - 11/2003, \$90,000; (15% time)</p> <p>Major goals: To establish cut points for psychological abuse using the 58-item psychological maltreatment of women scale among women experiencing physical, sexual, or psychological abuse and those who are experiencing no partner violence.</p>
Principal Investigator	<p>Abuse in Pregnancy. Contract with Centers for Disease Control and Prevention, Reproductive Health, 11/2001/ - 10/2002, \$15,000</p> <p>Major goals: To conduct an analysis, draft and submit a manuscript on abuse during pregnancy and pregnancy outcomes.</p>

Principal Investigator	<p>Impact of HR-HPV Positivity on Women, Formative Research, Centers for Disease Control and Prevention, 10/2001 – 9/2002, (PA Sharpe became PI on my move to UTSPH), \$199,780</p> <p>Major goals: To determine the attitude toward and knowledge of HR-HPV transmission and the impact of this diagnosis on women and their partners.</p>
Principal Investigator	<p>HPV, Adeno-associated virus and cervical neoplasia (R03). National Cancer Institute, 5/1997-5/1999, \$69,000</p> <p>Major goals: To conduct an analysis of existing cervical samples for adeno-associated virus to determine whether AAV interacts with HPV to reduce risk of cervical neoplasia.</p>
Principal Investigator	<p>Effect of interview conditions on rape and domestic violence reporting, American Statistical Association, 6/1997-5/1999, \$20,000</p> <p>Major goals: To conduct an analysis of the National Crime Victimization Survey redesign data to determine whether “gag” factor for reporting sexual assaults and partner violence still have an impact on population-based rates estimation after implementing the new violence questions.</p>
Principal Investigator	<p>Impact of Stress and Control on Women’s Health (R49 grant), Centers for Disease Control and Prevention, National Injury Center, 9/1996-8/1999, \$399,000; (25% time)</p> <p>Major goals: To conduct a cross-sectional survey of women attending primary care clinics to determine the frequency of partner violence by time and the health correlates of violence.</p>
Principal Investigator	<p>Environmental and Occupational Risk Factors for Kidney Cancer in South Carolina, South Carolina Cancer Center, Grant in Aid, 2/1995 - 1/1996, \$14,500 (Co-PI: Francisco Gonzalez, MD)</p> <p>Major goals: To explore the feasibility of conducting a population-based case-control study of environmental factors and kidney cancer.</p>
Principal Investigator	<p>CIN Risk: Interaction with HPV, diet, smoking &amp; race (R29 First Award), National Cancer Institute, 5/1994-4/2000, \$513,243; (75% time)</p> <p>Major goals: To conduct a clinic based nested case-control study exploring the interactions between diet, smoking, race and high risk HPV types on cervical neoplasia development.</p>

Principal Investigator	<p>Adjusting the National Crime Survey's estimates of rape and domestic violence for "Gag" factors in reporting, National Institute of Justice, 10/1993-9/1994, \$25,000 (Co-PI: Stasny E.A. at Ohio State University)</p> <p>Major goals: To conduct an analysis of the National Crime Victimization Survey data to determine whether presence of a partner during the interview "gags" the woman's reporting sexual assaults and partner violence.</p>
Principal Investigator	<p>Collaborative investigation of the prevalence of HPV among South Carolinians, South Carolina Cancer Center, Grant in Aid, 1/1993 - 1/1994, \$10,800 (Co-PI: LA Pirisi, Pathology, USC)</p>
Principal Investigator	<p>Pre-test of questionnaire and development of a food frequency questionnaire for low-income black women, Research and Productive Scholarship Award, University of South Carolina, 5/1991-12/1991, \$3,000</p>
Principal Investigator	<p>HPV &amp; cervical dysplasia in a low-income minority population (IRG107P), American Cancer Society - Institutional Grant for Cancer Related Research, USC, 12/1990-11/1991, \$7,500</p>
Co-Principal Investigator	<p>Multilevel analysis of socioeconomic status and prostate cancer risk, Centers for Disease Control and Prevention – American Schools of Public Health, (Maureen Sanderson, PI), 10/1999-9/2002, \$106,307 year 1; \$299,995 total; (20% time)</p> <p>Major goals: To conduct population-based case-control study of stress, coping, socio-economic status and prostate cancer among older African American and Caucasian men.</p>
Co-Principal Investigator	<p>Human exposure to corn-based fumonisin mycotoxins in coastal South Carolina, United States Department of Agriculture, 9/1994-8/1996, \$140,885 (TL Leatherman, PI Anthropology, USC)</p> <p>Major goals: To conduct a population based study of nutrition and health related to possible fumonisin exposure in rural South Carolina.</p>
Co-Principal Investigator	<p>The Cervical Cancer program of the South Carolina Cancer Center, South Carolina Cancer Center Challenge Award, 8/1993-7/1995, (LA Pirisi, PI) \$50,000</p>
Co-Investigator	<p>Using the South Carolina Central Cancer Registry to conduct a case-control study of prostate cancer, South Carolina Cancer Center, 4/1997-7/1998, (Maureen Sanderson, PI), \$20,000</p>

- Co-Investigator Ethnic variation in hysterectomy, oophorectomy, and hormone replacement therapy, Centers for Disease Control and Prevention, 10/1995-9/1997, (RE McKeown, PI), \$340,000
- Co-Investigator Physical activity, estrogen metabolism, and breast cancer risk, Centers for Disease Control, project with the USC Prevention Center, 10/1993-9/1995, (CA Macera, PI for Center Grant; M Crane, Co-PI for project) \$27,076
- Co-Investigator Explaining the disadvantaged's high infant mortality risk, Centers for Disease Control as a USC Prevention Center, 10/1990-9/1992, (G Coston, PI for center grant; AL Coker PI for project)

## TEACHING

### University of Kentucky

**Advanced Epidemiology CPH 712 / 910 (Fall 2010 and 2011).** Core epidemiology methods course for masters and doctoral students) 15 students.

**Women's Health Epidemiology C718** Spring 2010. Elective (10 students)

**Cancer Epidemiology.** CPH 718 Fall 2009. Elective (12 students)

**Reproductive Epidemiology** CPH 718 Spring 2009. Special Topics, Elective (8 students).

### University of Texas School of Public Health

**PH2710 Advanced Methods in Epidemiology 1** (Core epidemiology methods course for masters and doctoral students)

**PH 2998 Cancer Epidemiology and Prevention**

**PH 4498 100 Violence in America: A Public Health Perspective** (Rice University HEAL 498)

### University of South Carolina School of Public Health

**EPID 700 Introduction to Epidemiology** (For non-majors); Revised course and taught for 9 years including a recent revision for distance education

**EPID 701 Concepts and Methods of Epidemiology** (Introductory course for majors); Taught this course for two years

**EPID 745 Epidemiology Seminar;** Taught this course for two years

**EPID 746 Cancer Epidemiology;** Revised course and taught course for 8 years

**EPID 742 Epidemiologic concepts in selected disease or health conditions;** Taught this course for two years; provided lectures for the course for 8 years

**EPID 711 Epidemiologic Research Methods** (Intermediate epidemiology methods); Developed and taught this course for 4 years.

**EPID 741 Epidemiologic Methods** (Advanced methods); Served as co-instructor and preceptor for 3 years

**EPID 800/801 Epidemiologic Methods II/III** (Doctoral level courses); Taught the courses once and have provided lectures for the courses for two years.

**EPID 794 Selected topics in Epidemiology:** Violence Against Women; Developing this course

## ***INFORMAL TEACHING***

### **Chair of 5 completed doctoral dissertations in Epidemiology**

Kristina M. Walker, PhD candidate (UTHSC)  
Tamra E. Meyer, PhD candidate (UTHSC)  
Mala Pande, PhD candidate (UTHSC)  
Kelly Merriman, PhD candidate (UTHSC)  
Linda R. Hazlett, PhD, 2004 (USC)  
Gary Ellison, PhD, 2000 (USC)  
Abbas Tavakoli, PhD, 1997 (USC)  
Vilma Cokkinides, PhD, 1999 (USC)  
N. Mohammed Bustan, PhD, 1994 (USC)

### **Chair of 27 completed masters (MSPH) theses in epidemiology**

Jose Mejia, 1991 (USC)  
Myriam Torres, 1991 (USC)  
Allison Rosenberg, 1991(USC)  
Gavin Welch, 1991 (USC)

Carissa Eastham, 2006 (UTHSC)  
Lisandra Garcia (UK)

**INFORMAL TEACHING (continued)**

**Committee Member on 13 doctoral and 7 master's completed committees**

Alexandra Connelly, MS, Epidemiology (USC)  
Woodrow Coker, MSPH, Epidemiology (USC)  
Kristen Hazel, MSPH, Epidemiology (USC)  
Frances Logan, MSPH, Epidemiology (USC)  
Semilla Rivera, MS, Epidemiology (UTHSC)  
Aroub Khleif, MPH, Disease Control (UTHSC)  
Vicki Flerx, PhD, Health Promotion and Education (USC)  
Suzanne McDermott, PhD, Health Administration (USC)  
Mary Ann Bagwell, PhD, Epidemiology (USC)  
Angela Pereira, PhD, Social Work (USC)  
Leslie Ochs, PhD, Health Promotion (USC)  
Heather Brandt, MSPH and PhD Health Promotion (USC)  
Margarita Burgos, PhD, Health Promotion (USC)  
Deborah Thomas, PhD, Geography (USC)  
Qin Dai, PhD, Epidemiology (USC)

**Committee Member on 13 doctoral and 7 master's completed committees (continued)**

Tonji Durant, PhD, Sociology (USC)  
Sonia Boyapati, PhD, Epidemiology (USC)  
Sean Firth, PhD, Epidemiology (UTHSC)  
Jennifer Wood, PhD, Epidemiology (UTHSC)

**PROFESSIONAL SERVICE, SINCE 2000**

National:

2003-Present	Epidemiologic Perspectives & Innovations (ejournal), Editorial Board
2004-Present	Family Violence Prevention and Health Practice (ejournal) Editorial Board.
2005	National Cancer Institute, Cancer Centers, Site Visit Team
2004	American Public Health Association; Epidemiology Program Committee, Abstract reviewer
2003	Society for Epidemiologic Research Meeting Abstract reviewer.
2003-Present	Advisory Board, Family Violence Prevention Fund
2003-Present	Initial Review Group (Study Section Member), Centers for Disease Control and Prevention, National Center for Injury Prevention and Control

**PROFESSIONAL SERVICE, SINCE 2000 (continued)**

- 2001-2003 National Violence Against Women Prevention Research Center Advisory Board. Consortium between the Medical University of South Carolina, the University of Missouri, and Wellesley College, Member.
- 2002 Invited presenter and discussant. National Academy of Sciences Violence Against Women Workshop, Primary Prevention of Partner Violence. Washington, DC.
- 2001 National Cancer Institute Special Emphasis Panel, Vaccine Trials
- 2001 Invited participant in The National Violence Against Women Research Workshop, Atlanta, GA, sponsored by CDC and NIH.
- 2001 ASPH/CDC/ATSDR Grant Reviewer
- 2001 Invited participant at NCI sponsored workshop “Reducing Health Disparities in High Cervical Cancer Mortality Regions, in Corpus Christi TX.
- 2000 National Institutes of Health, Special Emphasis Panel, Small Grants in Epidemiology Program
- 2000 National Action Plan on Cervical Cancer, Advisor to South Carolina Department of Health and Environmental Control
- 2000 DHHS Public Health Service Advisory Committee for Injury Prevention and Control, Violence Against Women Program. Invited speaker for the committee on CDC funded research “Mental and physical health effects of partner violence”
- 1997-2000 American Statistical Association, Committee on Law and Justice Statistics, Member

**State:**

- 2002-Present Texas Cancer Council, Member, Work Group, Texas Cancer Plan.
- 2003-Present Texas Cancer Registry, Work Group, Co-Chair of the Data Utilization Workgroup
- 2000-2002 South Carolina Department of Health and Environmental Control, Sexual and Physical Assault Prevention Program (CDC funded), Consultant

**PROFESSIONAL SERVICE, SINCE 2000 (continued)**

2000-2002 Cancer Cluster Resource Network advisory member (organized by American Cancer Society)

1994-2002 South Carolina Department of Health and Environmental Control, Cancer Control Advisory Committee - Surveillance Sub-Committee Member

2001 Invited presentation to University of South Carolina – Greenville Campus medical residents. Screening for Intimate Partner Violence

2000 South Carolina Medical Association invited lecture at the annual meeting, Title: Prostate Cancer – Epidemiological Considerations.

University

2010 – Present Associate Dean for Research, UK College of Public Health

2004 UTHSC-H Grant 101/102 Mentor

2003 Tenure and Promotion reviewer (Faculty at Georgetown University)

1999-2000 Baseline Research Committee for the University of South Carolina – Richland Memorial Hospital Complementary / Alternative Medicine (CAM) Research Initiative. This involved creating a survey of consumers of CAM products and interviewing, Co-Chair

1998-1999 Dean Search Committee, University of South Carolina, Member

1998-2002 South Carolina Cancer Center, Executive Committee, Member

1998-2002 South Carolina Cancer Center Public Health Task Force, Member

2001 University of South Carolina, Post tenure reviewer

2000 University of South Carolina, Search Committee, Graduate Director, Women’s Studies

1998-2002 Women’s Studies Affiliate Faculty, University of South Carolina

University of Texas School of Public Health

2003-2005            Epidemiology Division Representative, Admissions Committee, Member

2003-Present        Epidemiology Division, Faculty Council Representative

2004-Present        Faculty Council Annual Activities Review Evaluation Committee, Chair

2004-Present        Epidemiology Division, Leadership Team

2002-2003           Epidemiology Discipline, Faculty Search Committee, Member

2003                    NIOSH Pilot Project Research Training Program reviewer, UTHSC-H SPH

1997    Pilot Research Investigations with Mentoring for Excellence (PRIME) Grant

University of Texas School of Public Health

2002                    Epidemiology Discipline, Curriculum Committee, Co-Chair

2000                    Department of Epidemiology and Biostatistics, Chair Search Committee,  
Member, University of South Carolina

We mean their current position, abilities, and status as well. Roland believes that signing a prenuptial agreement would be a statement of lack of trust between him and Marianne. He urges that they "believe in their love for each other" and go into the marriage without financial preconditions and stipulations.' A. Christensen 'Reconcilable differences'. Does 'current position' mean 'current job' here? Acoreano. Member. Current Planetary Positions and Predictions. By understanding the meanings of each planet, and the meanings of each zodiac sign, it is possible to make general predictions about events and energies on a specific date. Keep in mind however, that the energies for any date are general and apply to the world at large. Furthermore, they are today's energies, and should not be read as part of one's greater life path or destiny. Current position display device, and current position display method. UN-2. Designated individual (current position). Common crawl. Get the current position for text printing. Giga-fren. Thus its current position can be represented as a fraction of a revolution from this reference. Common crawl. Fetch the requested row by relative position from the current position of the cursor in the result set. OpenSubtitles2018.v3. That's the current position of Polaris. Giga-fren. For your current positions leave the end date blank. I know with the Gallery widget I was able to use `getSelectedItemPosition()`; to retrieve the current position, however it doesn't seem `ViewPager` has that. I know I can setup a listener and retrieve the position when the page is switched. But I want the current view position. android android-viewpager. Share. Position ventro-ventrale " Position du missionnaire Dessin Erotique de Édouard Henri Avril La position du missionnaire est la position sexuelle la plus courante dans la sexualité occidentale. La femme est couchée sur le dos, cuisses écartées, et son partenaire s'allonge! | WikiMedia en Français. Position (Obstetrics) " Position of the fetus in Obstetrics refers to the of the presenting part with the pelvis of the mother.
