Jan Olbrycht MEP President, URBAN Intergroup European Parliament. 8 Introduction 7 Introduction Like its previous editions, this book is intended to serve the needs of valuers that are members of the 45 valuers associations from 26 countries representing the membership of TEGoV European valuation standards 2009. Sixth edition. The European Group of Valuersâ€™™ Associations.Â The valuation profession in Europe has to provide best practice under globally accepted standards and work within European and national legislation. This latest edition of EVS is derived from earlier EVS versions and current EU legislation to offer best practice for valuers across Europe. The rationale of providing a set of standards for Europe comes from a demand for valuations which are consistent across Europe, with a quality that can be relied upon as a common benchmark by investors, the financial industry and valuers throughout the EU and beyond. Abstract: European valuation standards TEGoVA have conception for valuation of intangible assets and they formed to conform to International valuation standards (IVS) also to reach worldwide consensus in best practices in valuation process. The process of valuation of intangible influences was also surveyed in China, Hong Kong, USA, Canada, Japan, Germany, UK, Poland, Russia and overall in the Europe. Contents 5.
