Lecture Eighteen. Conrad and the Scramble for Africa. Outline. Lecture Nineteen. As the 19th century moved on, English novelists began to experiment with other sorts of endings. By the time Thomas Hardy published Tess of the d'Urbervilles in 1891, the old conventions and forms had become increasingly untenable. Yet even as modern novelists create disturbing images of social fragmentation, they deepen our understanding of the individual personality, fashioning character studies of unsurpassed emotional complexity. The course ends by bringing the story up to date. A. This course traces the development of the English novel from its beginnings in the 1740s to its culmination in the 1920s. Conrad's Endings book. This book offers a post-structuralist inspired explication of Conrad's literary vision and its defining feature, the aesthetic principle. View. Show abstract. Conrad thereby not only carefully crafted the novel but provided a distinctive harmony between and within the two different sections. While the notion of Jim's maturity is debatable, there is a unity inferred through repetition of actual or symbolic jumps in this novel (Haugh 137). And those jumps, I would suggest, are part of a larger pattern of repetition. Conrad's Endings: A Study of Five Major Novels. Jan 1984. Arnold E Davidson. Davidson, Arnold E.
