The Pre-primary to Year 10 Western Australian curriculum provides a coherent and comprehensive set of prescribed content and achievement standards which schools will use to plan student learning programs, assess student progress and report to parents. The Western Australian curriculum encompasses ACARA's Australian curriculum English, Mathematics and Science. In addition, year-level syllabuses for Humanities and Social Sciences, Health and Physical Education, Technologies, The Arts and Languages remain broadly consistent with the Australian curriculum but have been contextualised to make The curriculum generally takes a world history approach within which the history of Australia is taught. It does this in order to equip students for the world (local, regional and global) in which they live. An understanding of world history enhances students' appreciation of Australian history. It enables them to develop an understanding of the past and present experiences of Aboriginal and Torres Strait Islander peoples, their identity and the continuing value of their culture. Australian Curriculum: History Year 10 strands, sub-strands and content descriptions. Historical Knowledge and Understanding. Overview. The following content is taught as part of an overview for the historical period. It is not intended to be taught in depth.
