

Environmental Water Account: Final Environmental Impact Statement, Environmental Impact Report | U.S. Department of the Interior, Bureau of Reclamation, 2004 | 2004

This Final Environmental Impact Statement for the Proposed Demolition and Environmental Cleanup Activities at Santa Susana Field Laboratory, Ventura County, California has been prepared by the National Aeronautics and Space Administration (NASA) in accordance with the National Environmental Policy Act of 1969 (NEPA), as amended; the implementing regulations issued by the White House's Council on Environmental Quality (CEQ) (40 Code of Federal Regulations [CFR] Parts 1500-1508); the guidance letter submitted by CEQ dated June 19, 2012, and the NASA's Procedures for Implementing the National Environmental Policy Act (NEPA) Proposed Rule on Environmental Impact Assessment of Nongovernmental Activities in Antarctica. Please send comments on this FEIS to either: B. Katherine Biggs EPA, Office of Federal Activities 1200 Pennsylvania Avenue, N.W. (MC 2252A) Washington, D.C. 20460 PH: (202) 564-7144 Fax:(202) 564-0072. The purpose of this Final Environmental Impact Statement (EIS) is to summarize the analysis of the proposed alternatives for the final rule to be promulgated by EPA that will amend 40 CFR Part 8, Environmental Impact Assessment of Nongovernmental Activities in Antarctica. Five alternatives for the rule-making were developed based on EPA's experience with the Interim Final Rule at 40 CFR Part 8 and consideration of the comments and information received during scoping Environmental Impact Assessment THE ENVIRONMENTAL IMPACT STATEMENT PROCESS [1] PROBLEMS WITH ENVIRONMENTAL IMPACT ASSESSMENTS [2] BIBLIOGRAPHY [3] An environmental impact assessment (EIA) is a planning tool that provides decision makers with an understanding of the potential effects that human activities have on the environment. Environmental impact assessment. Conducting an environmental impact assessment. Environmental effects monitoring. Resources. In the United States, the National Environmental Policy Act of 1969 (NEPA) requires federal agencies to file an Environmental Impact Statement (EIS) for any major project or legislative proposal that may have significant environmental effects.
