Bibliography, as a discipline, is traditionally the academic study of books as physical, cultural objects; in this sense, it is also known as bibliology (from Ancient Greek: βιβλίον, romanized: *biblion*). English author and bibliographer John Carter describes bibliography as a word having two senses, one, a list of books for further study or of works consulted by an author (enumerative bibliography); the other, one applicable for collectors, is "the study of books as physical objects" and "the systematic Gerald R. Ford: A Selected Bibliography. The list below describes a selection of published biographies and memoirs concerning President Ford's career, especially his presidency.
