Hebrew for Theologians: A Textbook for the Study of Biblical Hebrew in Relation to Hebr Time and the Biblical Hebrew Verb: The Expression of Tense, Aspect, and Modality in Biblical Hebrew. 402 Pages 2012 7.96 MB 3,576 Downloads New! The Biblical Hebrew verbal system continues to exercise scholars, and in this book John Cook General Principles of Biblical Interpretation. Principle 1: Interpretation must be based on the author's intention of meaning and not the reader. This means we must get into the author's context, historically, grammatically, culturally and the literary forms and conventions the author was working in. To be able to do this some good Bible study tools are needed since we are 2000 years or more removed from the biblical authors and their context is very different than ours. Principle 5: Interpretation must be distinguished from application. While there is one interpretation that is historical, there are many applications that can be carried over to our modern context. Build an application bridge from the interpretation to the timeless principle and then to the application now.
