## Description:

**From Library Journal** Several years ago, the New American Bible was issued as the official Roman Catholic text for public reading. Based on the original languages, it included introductions and notes from a Roman Catholic perspective. Edited by ecumenically recognized Roman Catholic scholars, but deliberately reflecting Roman Catholic teaching, the present volume includes the complete text of the New American Bible, along with updated essays on the Bible generally and guides to individual books. Each of these guides gives the historical background to the book as well as a bibliography for further reading; for the longer books, a section-by-section commentary is offered, often including a discussion of its current, and Christian, relevance.

### **Review**

"I highly recommend the revised Catholic Study Bible to my students, colleagues, and friends. With the additional introductory articles, it now provides exceptional coverage of issues of great importance for both academic and pastoral concerns; they bring this wonderful tool for learning to a new standard of completeness and excellence, and in accessible language. Revisions of the Study [Reading] Guides ensure insightful, contemporary discussion of the biblical texts by excellent scholars and teachers. This is a treasure." --(Rev.) John C. Endres, S.J. Professor of Sacred Scripture, Jesuit School of Theology at Berkeley and the Graduate Theological Union

The New American Catholic Study Bible: Was the Devil its Editor?! "There were false prophets among the people . . . just as among you there will be lying teachers who will bring in destructive sects . . . because of them the way of truth will be maligned . . . and their destruction does not slumber." 2 Peter 2:1-3 "The NAB Study Bible . . . the Bible from Hell." Finally, an answer to this pot of modernist poison! The Evangelical Catholic Study Bible based on a new revision of the Catholic Douay Rheims (The NADR - Amplified & Illuminated). © 2005 by David J. Webster, M. Div. and designed to forthrightly address and utterly demolish the multitude of modernist views and interpretations. Biblical Translation and Pastoral Interpretation. Translated from the Original Languages with Critical Use of all the Ancient Sources. Authorized by the Board of Trustees of the Confraternity of Christian Doctrine and. Take notes online, highlight verses and save notes! Seeing the need for a literal, modern translation of the English Bible, the translators sought to produce a contemporary English Bible while maintaining a word-for-word translation style. In cases where word-for-word literalness was determined to be unacceptable for modern readers, changes were made in the direction of more current idioms. The Catholic Study Bible was designed for advanced students of the Scriptures by today's top Catholic scholars. A nearly 600-page Reading Guide is linked to the biblical text by means of marginal references to specific pages in the Guide. Other features include: reference articles on key issues of Bible study, a glossary of specialized terms, the complete Sunday and weekday lectionary. A Bible will never reach its status as being read as a whole. However, for the extra entries added to this New American Bible (Revised Edition) I can say that I absolutely enjoy reading them. They really do help putting the Bible into the right perspective.
