Technical Analysis of the Financial Markets: A Comprehensive Guide to Trading Methods and Applications. John J. Murphy. 4.5 out of 5 stars 2. The book is logically written and easy to follow. You can easily conceptualize some of his techniques but won't know if they hold any truth until you put them to the test. Many reviewers have backtested his setups and claimed them false or invalid. However, we also have to remember that some setups we backtest and have great results with don't fare well in the real world.
